

Catastrophe Planning

Pre-planning is at the core of PLC's approach.

RESOURCES

- FNOL Intake
- Desk Adjusters
- Dedicated Field Adjusters
- Virtual Claims Handling
- Reserve Reporting
- Experienced Management
- Integration APIs and Connectors

CATASTROPHE RESPONSE PLAN:

- Plan Design & Management
- SLA-backed Support Agreement
- Plan Testing
- Real Time Reporting
- Smart Communication
- Program Specific Training
- Commercial & Residential Programs

STAGING PROCESS:

Stage 1 - Storm Watch / **Stage 2 - Storm Warning** / **Stage 3 - Landfall**
Standby/Storm Prep / **Staging** / **Deployment**

CORE CAPABILITIES

- Large-Loss Proficiency
- Accurate Reserve Setting
- Complex Claim Management
- Commercial & E&S Expertise
- Scalable Response

Upon request, PLC can provide a detailed proposal outlining each phase of the recommended workflow—covering call center operations, FNOL intake, severity levels, reserve reporting, and proposed fee schedules
